- I want to work for a company where I can share my ideas and receive guidance to help me become a successful professional.

WORK EXPERIENCE

GWC DATA.AI - (Bangalore)

Mar-2025 - Present

Budget Management Web Application

(Budget-App)

Tech Stack: React.js, Tailwind CSS, Flask, MySQL

- Developed a full-stack budget management application with user authentication and secure session handling.
- Built a modular Flask backend with RESTful APIs to manage transactions, categories, and user-specific data using MySQL, ensuring accurate budget summaries and filtering capabilities.

Quiz Management Web Application

(Web-Quiz-App)

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB

- Developed a full-stack quiz application with role-based authentication and secure JWT token management.
- Designed a dynamic admin dashboard to manage quiz categories, upload questions via CSV, or add manually with real-time validations.
- Implemented timed quizzes with auto-submit, result analysis, and performance tracking, enhancing user engagement and learning efficiency.
